SERVICE STORIES

A student said, "Anywhere Library is my favorite part of coming to school."

Staff helped a student learn how to connect his hearing aid via Bluetooth to the Libby audiobook app so he could check out audiobooks.

A patron with a family member just out of the hospital was thrilled to find out that there were blood pressure monitors available for check out. They needed one but couldn't afford to buy one.

One of the students said, "My mom never has time to take me to the library. I am so happy you came here. I wanted to read this book for so long!"

A woman who had never been to one of our libraries before saw Anywhere Library and stopped to learn more. She said, "This is so cool! I didn't know that the library offered so much."
